PROJECTS

WEBSITE FOR NAMU'S CAKES SHOP
HTML,CSS,JAVASCRIPT,PHP,MYSQL

Namu's Cakes Shop is a dynamic e-commerce website built with PHP and MySQL that simplifies the custom cake ordering process. It features a responsive digital gallery for browsing artisanal designs, a specialized ordering form for custom flavors and sizes, and a secure backend to manage customer data and order history

TMJ MANAGEMENT SYSTEM
HTML,CSS,JAVASCRIPT,PHP,MYSQL

TMJ Management System is a digital platform designed to streamline Tailoring, Makeup, and Jewellery business operations. It includes digital measurement tracking, appointment scheduling, inventory management, and real-time order tracking. The system also supports automated billing and performance analytics, improving efficiency and reducing manual errors.
